The Committee of Evergreen Cemetery, at the close of their term of service, make the following brief

REPORT:

Since the consecration of the Cemetery, one hundred and sixteen Lots have been sold, and the amount, eighteen hundred and twenty-six dollars ($1826) collected and paid into the Treasury. A Gateway with a suitable inscription has been erected at the entrance, and a border near the Gateway, each side of the main Avenue, has been made and set with shrubbery and perennial plants.

The Avenues have been widened, some of the hills lowered and valleys filled, and many large stones removed.

A handsome Granite Front has been built to the Receiving Tomb, which is also otherwise improved.

A Well has been dug and stoned, and a Pump placed

therein, yielding a supply of excellent water. A Building has been erected, with an open cover over the Well, and with seats for Visitors; the Building affords also a safe place for the Bier, Tools, and other articles of use, needed at the Cemetery.

There are other improvements much needed; the sides of the Avenues should be sodded, and more of the high places lowered and valleys filled.

There is a large rock or ledge, which crosses the Eastern Avenue about half way in the Cemetery, which prevents the water from draining from a considerable number of Lots already taken. In the early part of the season water is met by digging two or three feet. This could be remedied by lowering the ledge, and building a Culvert under the Avenue.

Ninety-seven of the Lots have been graded and corner bounds set, sixty-two of which are inclosed by an Iron Fence, eight by a Hedge of Evergreen, two by Chains, and twenty-five with corner bounds but not inclosed, and the Committee regret to say that there are nineteen Lots of the number sold which have no bound marks. Most of these were purchased at auction soon after the consecration of the Cemetery in 1850, by citizens abundantly able. This ought not so to be, and the Committee trust this gentle hint will induce all who have not so done, as soon as the Spring opens, to comply with the Rules and Regulations adopted by the Town.
